League of Illinois Bicyclists
2550 Cheshire Drive
Aurora, Illinois 60504

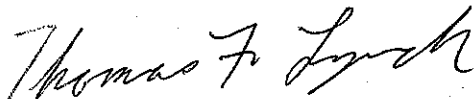

Dear members of the League of Illinois Bicyclists,

It is hard to believe that a year has gone by since this incident has occurred. During that period of time, I have really paid attention to the news and have heard of other unfortunate incidents/accidents that have occurred. For obvious reasons, nothing sticks out as much as the accident that occurred on October 29, 2007.

I realize that the road is to be shared by everyone. I also want to make clear that I apologize to members of XXX racing. I have nothing against XXX or other bicyclists. If I was physically able to ride a bike, I would ride one myself.

As a part of my plea agreement, I have provided a sum of money to the Chicagoland Bicycle Federation. I hope that this money is used to promote the concept of safety in educating both cyclists and drivers as to how to co-exist and follow the laws of the road.

Sincerely,

Thomas Lynch
